Galeon 400 FLY is on her way to joining the fourth-generation yacht family, as one of the smallest models to offer the innovative “beach mode”. The yacht has been designed to offer the highest tier of maneuverability and stability while on the waves. The interior comes in a few possible modern variants, with additional options available upon request. Below deck, the guests will find two full-sized cabins, one of which, the owner’s cabin, is situated in the aft. Two separate bathrooms offer extra comfort to the guests. All the cabins allow the guests full standing height and additional storage space, ideal for longer cruises.
